

CAPABILITY STATEMENT

ABOUT KBS

KBS Engineering & Transportation Services is a 100% Guyanese-owned engineering, construction, and transportation company established in 2020. We specialize in delivering high-quality infrastructure solutions for government agencies, private developers, and commercial clients across Guyana. From road construction and reinforced concrete works to heavy transportation and engineering consultancy, KBS combines technical expertise, modern equipment, and disciplined project management to deliver projects safely, efficiently, and on schedule. Our commitment to innovation, integrity, and excellence has positioned us as a trusted partner in Guyana's rapidly expanding infrastructure sector.

OUR SERVICES & CORE COMPETENCIES

-  Civil Engineering: Reinforced concrete structural design, drainage networks, and specialized coastal sea defense infrastructure.
-  Road & Highway Construction: Comprehensive construction and rehabilitation of both rigid concrete pavements and asphalt roadways.
-  Bridge Construction: Structural engineering and assembly of composite structures and reinforced concrete bridges.
-  Building Construction: Structural framework, warehouse facility setups, civil expansion works, and specialized facility remediation.
-  Transportation & Heavy Haulage: Nationwide machinery transport, aggregate distribution, and oversized load logistics handling coastal-to-interior corridors (*Georgetown to Lethem*).
-  Engineering Consultancy: Comprehensive land surveying overseen by a Sworn Land Surveyor, advanced geotechnical soil analysis, and specialized technical engineering support.
-  Project Management: Turnkey project oversight, meticulous tender/bid preparation, aggressive risk monitoring, and strategic scheduling.

-  **Equipment Rental:** Reliable short- and long-term equipment solutions, heavy machinery rentals, and specialized mechanical options supporting regional developers.

COMPANY STATISTICS

2020	15+	100%	11+	33+	100%
Established	Years Combined Experience	Guyanese Owned	Projects Completed	Technical Support/ Consultancy Clients	Commitment to Quality

CORPORATE LEADERSHIP & TEAM

Our team consists of young, enthusiastic professionals committed to transparent and inclusive project delivery.

- **Kenietta Bacchus, MBA (Cand.), MSc Project Management, BSc Entrepreneurship| Managing Director**
 - *18+ Years Experience:* Expert in strategic leadership, fiscal discipline, and SME strategic readiness.
- **Keron Bacchus, MSc (Advanced Structural Engineering), B.Eng. | Director of Operations**
 - *14+ Years Experience:* Specialist in structural design and OSHA-certified safety management.
- **Technical Staff:** Includes Supervisory Engineer (11 yrs exp), Quality Control/Materials Engineer (15+ yrs exp), Technical Expert/Quantity Surveyor (10 yrs exp), and a Sworn Land Surveyor (19+ yrs exp).

Image / Visual Asset	Project & Client Scope	Location & Technical Specification
	Residential Two-Storey Framework Construction	Providence, EBD • Framework structural design and phase 2 execution. (Private Technical Support/Consultancy-2025-present)
	Rehabilitation & Construction of Asphalt Roadway	Haslington Housing Scheme, ECD • Sub-base alignment and multi-layered asphalt placement. (Ministry of Public Works-2023)

Image / Visual Asset	Project & Client Scope	Location & Technical Specification
 <i>Rigid Concrete Highway</i>	Construction of Rigid Concrete Pavement	Providence, EBD • Ministry of Public Works contract; heavy- duty rigid concrete highway alignment. (Ministry of Public Works-2024)

Image / Visual Asset	Project & Client Scope	Location & Technical Specification
 	Civil Expansion of Industrial Laboratory Facility	Sterling Products Ltd Corporate Compound • Structural shell expansion and interior configuration. (2024)

Image / Visual Asset	Project & Client Scope	Location & Technical Specification
 *Diamond New Housing Scheme  • Good Success, EBD	Rigid Concrete Pavement Infrastructure Works	Diamond, EBD & Good Success, EBD • High-grade concrete pouring, leveling, and joint curing. (Ministry of Public Works -2024)

Image / Visual Asset	Project & Client Scope	Location & Technical Specification
	Air Intake Pipe System Installation	GWI Amelia's Ward Water Treatment Plant, Linden • Specialized industrial pipe setting and mechanical integration. (2024)

Image / Visual Asset	Project & Client Scope	Location & Technical Specification
 *CDC Timehri  *CDC Headquarter, Georgetown	Civil & Structural Roof Remediation Works	CDC Headquarters (Georgetown) & CDC Office (Timehri) • Roof structural overhauling, guttering networks, and overhang ceiling designs. (2025)

Image / Visual Asset	Project & Client Scope	Location & Technical Specification
	Rigid Pavement Infrastructur al works	CDC Headquarters (Georgetown)- Parking Lot Facility- High- grade concrete pouring, leveling, and joint curing. Drainage with steel reinforcement coverage. (2024)

Image / Visual Asset	Project & Client Scope	Location & Technical Specification
 *Before  *After	Rehabilitation & Construction of Concrete Bridge	Ann's Grove / Clonbrook, ECD • Complete infrastructural upgrade replacing failing structures with reinforced concrete and protective guardrails. (Ministry of Public Works-2025)

Image / Visual Asset	Project & Client Scope	Location & Technical Specification
 *CDC Timehri Warehouse Shutter Door Installation	Industrial Warehouse Shutter Door Systems	CDC Timehri heavy-duty industrial shutter assemblies. (2026)
 *Diamond New Housing Scheme, EBD (Private Client)	Industrial Warehouse Structural Phase 1	Diamond, EBD Warehouse • Foundation setting, steel framework preparation. (2025-present Technical Support/Consultancy)

WHY CHOOSE KBS?

- ✓ 100% Guyanese-Owned & Positioned: Entirely local-owned company matching deep regional experience with strategic national positioning.
- ✓ Local Content Certified: Fully certified and compliant with the Local Content Secretariat criteria, facilitating tier-1 legal joint ventures and subcontracting.
- ✓ SBB Certified Small Business: Formally certified with the Small Business Bureau (SBB).
- ✓ Academic & Professional Rigor: Management holds advanced structural engineering and project management master's degrees (MSc, MBA) paired with OSHA and RICS standard knowledge.
- ✓ Modern Fleet & Technology Integration: Direct deployment of an agile, modern heavy equipment fleet optimized via digital engineering workflows.
- ✓ Safety-Driven Framework: Strict in-house safety culture managed directly by our operational leadership, targeting zero incidents on every job site.
- ✓ Regulatory & Fiscal Integrity: Full compliance with the Guyana Revenue Authority (GRA) and National Insurance Scheme (NIS) benchmarks, minimizing risk profile for large public-private bids.

OUR CLIENTS & STAKEHOLDERS

- Ministry of Public Works (*Government of Guyana*)
- Civil Defence Commission (CDC) (*Office of the Prime Minister*)
- Guyana Water Incorporated (GWI)
- Sterling Products Limited
- Private Developers & Regional Infrastructure Contractors

Affiliations: Action Invest Caribbean Inc., Small Business Bureau (SBB), Centre for Local Business Development.
